

*Within you there is great Light, the Light that you are in truth. It is beyond good and evil, or consciousness and shadow. Radiant, eternal and shining no matter what appears to be happening, your Light just is. Forever true.*

*Coming back to awareness of our own Light soothes anxiety and uplifts us into a place of deeper peace and happiness in life. We become more able to live all parts of our lives in accordance with the truth of that inner light. The result? We are radiant, living more in our bliss than ever before.*

*Your Higher Soul has guided you to this CD because it wishes to be closer to you, to live more through you, as you. As this happens, your divine path becomes clearer and you feel happier and more at peace within yourself, your relationships can improve dramatically and your ability to create a life that suits your Soul surges. Many things become possible!*

*May these meditations bring you into deeper union with your radiant soul, may its light and love fill the sacred cup of your heart, overflowing into our world.*

*With love and blessings,  
Alana*

## 1. RADIANCE OF YOUR INNER LIGHT

There are layers within your aura – the layers of the physical and etheric body, of the emotional and mental bodies, and of the soul and spiritual bodies. These are all a part of who you are. Just like a fine wine that is more delicious when it has had a chance to mature and for the flavours to integrate, your energy is even more beautiful when the various parts of your energy field are integrated. Then you can feel like all parts of you are moving in the same direction, rather than the head and heart arguing or attempting to pursue a path that the Soul has no interest in pursuing because it doesn't really serve you this lifetime.

The Earth is currently experiencing a great transition with humanity responding as a whole with a mixture of excitement, uncertainty and fear, and many sensitives pick this up unconsciously, carrying an anxiety that they cannot always relate to their own individual life circumstances.

This meditation is recommended as a gentle and effective aura cleanser and stabiliser. It helps us shift energies that keep us fragmented and encourages energy integration so that we are moving with the greater spiritual force of our entire being behind us. With this integration, amazing accomplishments become possible.

## 2. LIGHT OF LADY NADA

Lady Nada is a testament to the idea of an iron fist in velvet glove. Her energy is soft, gentle and non-invasive and she is an exceptionally powerful presence. She is non-forceful and she can dissolve even the greatest anger, fear, violence and aggression within the Self through disarming fear by taking consciousness into the heart.

Through the Light of Lady Nada, we open and more fully activate the Heart Chakra. Lady Nada has one of the most heartfelt and beautiful energies that you will

ever encounter. She is frequently a favourite amongst my students and clients and she is instantly recognisable as a distinct, loving and protective presence.

Regular invocation of her energy, such as through this meditation, is recommended for any form of heart-based healing such as relationship difficulties, issues to do with anger and rage, inner child work and all forms of clairvoyant development as clairvoyance begins with seeing through the eye of the heart.

Her position on the Karmic Board empowers her with an ability to dispense Divine Grace into those otherwise unsolvable situations, to gift radical healing into the trusting hearts of those open to her love.

### 3. SERAPIS BEY ILLUMINATION

Serapis Bey is a loving and extremely skillful Ascended Master and a Master Healer with particular gifts for lightwork, healing the energy body and healing for healers. As an ascended lightworker, he has a tremendous understanding of the difficulties that earthly lightworkers experience during their ascension process. This can include mutational symptoms or spiritual growing pains that occur physically and psychologically during phases of spiritual adjustment and development. Serapis Bey is a knowledgeable and loving ally to lightworkers, spiritual seekers and healers everywhere.

As a member of the Karmic Board, along with Lady Nada and other beings of light, he can also help facilitate clearing and release of karmic energy that locks us into patterns of struggle, unworthiness and scarcity. This Illumination Meditation helps the Soul to release old karmic energies and open to an easier journey on this planet, for the greatest good of all. Which is also a way to make life much more fun.

***“I love the meditations! More please!”***

Many of us share special soul connections which we only realise when we are

at a certain level of awakening or vibration. It is like walking along the same street every day and then one day you suddenly notice the most beautiful garden in front of one of the houses. Was that always there? Yes. You just awakened enough to have the grace to experience its beauty.

So it is with the Soul. Life is precious and magical and marvelous and filled with miracles. As our vibration raises and our Soul presence builds, we become capable of living this for ourselves. It is quite wonderful!

Many of us have known each other before – and most likely that includes you and I. One way we can tell is if you just feel a connection or rapport with my Soul through these meditations.

When your Soul urges you to move more deeply into spiritual connection with me, there is much creative joy we can share. Up-to-date information about how we can connect is online at [www.alanafairchild.com](http://www.alanafairchild.com) and you can email me directly at [alana@alanafairchild.com](mailto:alana@alanafairchild.com)

### *Me and You and the Divine*

In my world I don't just listen to people speak, I hear them from the depths of their soul, I see their auras, I hear what they are saying behind their words, I feel their truths and I am blessed with an ability to feel and connect with their Soul for healing.

At this time, the divine is calling many Old Souls to connect and grow into even greater levels of consciousness and spiritual potency to guide humanity through the darkness of fear, anxiety, separation and despair into a world of inner connection, peace and Self-realisation.

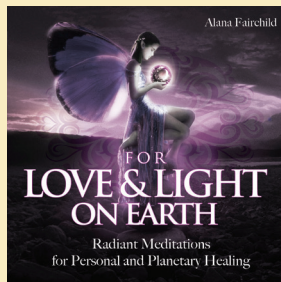

You are an important part of this awakening. Your work with these meditations is a practical way to become a channel for healing. This is a gift to more than yourself. We all benefit, so thank you!

Community is important as we grow spiritually. It offers us support, a place from which those we are meant to assist spiritually can find us, and our energies can grow deeper into unity and spiritual strength together. If you would you like to connect with me or are interested in finding out more about a beautiful spiritual community, come and visit [www.alanafairchild.com](http://www.alanafairchild.com) where a whole world of love and light awaits you, dear one.

I see your beauty. Namaste.

*"Alana's meditation CDs are sophisticated and truly take your soul to another dimension. The music is just breathtaking. These meditations really work and often immediately!"* – MS, Czech Republic
